

Helping Parents with transition to Post Primary School

Folens publishers have sponsored a talk to our parents on transitioning children from Primary to Post Primary School. Graham Richmond has over 20 years' experience as a secondary school teacher and counsellor.

This talk will take place on

Thursday 16th at 7.30pm in the school hall.

This is a good opportunity for parents to get some guidance on the next phase of your child's educational journey.

We do hope we will see you there.
